

District 4 — Robert Peay

1. A desire to serve our county.

2. To work together with our municipalities to establish a workable solution for our trash problems.

3. Budget, Public Safety and Public works.

All money spent goes through the budget committee. I would attend the budget meetings even if I wasn't sitting on that committee. You get a feel of everything that is being done from this committee.

I have a public safety background having been a volunteer firefighter at Kittrell for 15 years. I have seen the needs of fire, police, ambulance and EMS firsthand. It is imperative we fund and keep top notch personal in place. When you call 911 you need to know help is on the way. We have to come up with a better method of trash disposal that is environmental stable and affordable. I want to see us divert our municipal solid waste by recycling and or using an waste to energy platform to reduce the amount of trash that is landfilled. I have voted to not let Republic expand. I want to stop taking out of county trash.
